Analytics, Prompt Engineering, Content Creation, Communication, Designing, Gaming, Quiz, and Cultural Group Events. Participants gained valuable hands-on experience, enhancing their technical knowledge, analytical thinking, creativity, communication, teamwork, and problem-solving abilities. The active involvement of 170 student organisers and volunteers provided valuable opportunities to develop leadership, coordination, event-management, and decision-making skills, while the participation of 750 students across 20 teams fostered a strong spirit of healthy competition and collaboration. The inclusion of emerging areas such as Prompt Engineering and Data Analytics encouraged students to explore contemporary technologies and develop industry-relevant skills. Overall, the event not only enhanced students' confidence, creativity, and learning but also strengthened team spirit, leadership, collaboration, and the sense of community within the BCA department, creating a strong foundation for future technical and cultural initiatives.
